

PROJECT AT For Teachers and Teacher Assistants

Project AT is a series of hands-on sessions focused on supporting students through the use of Assistive Technology.

Participants will learn about AT tools used to support reading, writing, vision, physical access, communication, and executive functioning.

- WHEN?** Cohorts are offered for both Teachers and TAs in the Fall and Spring
- WHERE?** Sessions are held at TechACCESS (161 Comstock Parkway, Cranston)
- COST?** Project AT is an initiative supported by the RI Department of Education. There is no cost to participate.
