About

Grade Earned data includes all grades earned by a student in a class for each term of the class. This is critical data, which will be a necessary component in our Early Warning System that has been developed within the Instructional Management System.

Requirements

The *Grade Earned* data submission is a required collection for grades 9 to 12. This collection includes only the FINAL grade for each class as individual term grades were eliminated beginning with the 2023-24 collection.

Changes for 2024-25 School Year

Submission Process

Grade Earned data can be submitted through eRIDE (www.eride.ri.gov) using the Enrollment Census application or through the Automated Data Transfer (ADT) agent. *Grade Earned* is a submission type within the Enrollment Census application.
