About

The summer withdrawal data collection allows districts to update the prior year's exit type data as well as update the current year's summer withdrawals.

Requirements

The *Summer Withdrawal* data submission is a submission that LEAs are required to submit to RIDE. LEAs are required to submit any edits to the prior year's terminal exit status of students who are no longer enrolled in their schools including those who have graduated, dropped out, deceased or transferred out. This data submission is due in **mid-November** of the current school year. Upon submitting the data, LEAs should log into eRIDE and verify the reports of **graduates** (both in prior and current school year), **dropouts and retentions** of prior school year in Enrollment Census. LEAs should also at the same time verify the **Cohort Graduation Rates** using the Cohort Exit Review app in eRIDE. After the data submission deadline date, LEAs will need to contact RIDE for any additional corrections to the exit data. All exit data related reports need to be finalized and signed off by **December 1st**.
