

Summer 2009 State Reporting Workshops

Office of Networking and Information Services
Edward Giroux, Director
Contact: Dr. Kenneth Gu, 222-8957, Kenneth.gu@ride.ri.gov

Location: RIDE, Shepard Building 6th Floor Computer Lab
Dates and Time: <https://www.eride.ri.gov/trainings/default.asp>
Registration (required, see instructions below)

General Goal: The small size workshops are intended to provide hands-on experience to your data managers, IT directors, State Reporting coordinators who are new or recently assigned to State Reporting. Participants will learn how to use the State's Web-based Information Services portal (<http://www.eRIDE.ri.gov/>) and its integrated application components for Information gathering and reporting.

Who Should Attend: District and State data/MIS personnel who are newly involved in State reporting of student enrollment, attendance, graduation, demographic and program information for the purposes of State testing, educational aid, school accountability and intervention and implementing State and federal programs.

Workshop Registration Procedure:

- With Internet Explorer, go to <http://www.eride.ri.gov/>
- You do not need an eRIDE login to sign up for workshops, but if you do, login first with your personal eRIDE user name and password
- Click on Trainings/Workshops from the menu on the left side of the page and read the general instructions
- Click on Sign Up next to the Workshop you are planning to attend

You may sign up for more than one session. You may also sign up for your colleagues. An email confirmation will be automatically delivered to you upon successful registration.

See Attached Workshop Schedule for Details.
