

Intro to the Itinerant Early Childhood Special Education Service-Delivery Model (IECSE) for General EC Teachers

This 2-session informational training introduces the *Itinerant Early Childhood Special Education Service Delivery Model (IECSE)*.

The training includes a focus on the roles of the special educator, as well as the general early childhood teacher, while introducing the research behind the model, the rationale for adoption, the key features, and the alignment with RI's vision for supporting all young children within high quality early learning programs.
