

Intro to the Itinerant Early Childhood Special Education Service Delivery Model (IECSE) for General EC Educators

This six-hour training provides an introduction to the Itinerant Early Childhood Special Education (IECSE) service delivery model. It includes a focus on the role of the itinerant special educator as well as the role of the general early childhood teacher. It also provides a look at the research behind the model, rationale for adoption, key features, and the alignment with RI's vision for supporting all young children within high-quality early learning programs.
